Shelach Lecha

The Parshah begins with Moshe asking Hashem if the Jewish people can send their own spies. Hashem said "Do what you want!" So, they sent 12 spies!!!

The spies toured the **whole** land and found such amazing things. It took them 40 days. When they came back, they had some sad news for everyone. They said that the land was filled with BIG strong Giants and that the Jewish people would lose against them. They even brought massive fruits back to prove it. 8 Spies had to carry the grapes as it was too big for just one person.

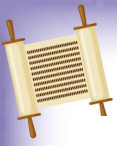

Hashem was very angry!!! The Jewish people should have known that Hashem made so many miracles for them. So of course, He would make them be able to win the land.

Because of this, Hashem made the Jewish people stay in the hot desert for 40 extra years. The Jewish people realised their mistake and stayed in the desert.
